Display On Streets In Afternoon Attracts Enthusiastic Crowd

ORANGE, April 19 .- Mid thousands gorgeous spring blossoms, this beautiful city yesterday opened its second annual Flower Show.

Flowers are peculiarly fitting to Orange, for in this vicinity every flower that grows in Southern California blooms to perfection. Displayed yes-terday in great profusion upon floats, in masses they made a wonderful showing. Displayed at the three-days' show at Intermediate school, one finds opportunity to study the wonderful blossoms in all their wondrous

Climatic Conditions Responsible Our peculiar climatic conditions are especially conducive to the introduc-tion of heating hazards. No extensive provisions are made for heating and the so-called air-tight or sheet iron stove is forced to the limit on cold and snappy mornings—a source of many fires. The ever present oil heater is another menace to be considered. You are all acquainted with the comparatively new gas heating devices placed in the floor or wall, some of which are very cheaply con-structed. After use the first year these heaters become extremely haz-ardous especially where natural gas is used and the heaters are forced beyond their capacity.

BOY PROBLEMS

Interesting Subject is Considered At Meeting of the Lecture Course

The problem of the boy was discussed at an interesting round table meeting. The meeting counted as the sixth lecture in the course of Con-structive Philanthropy, which is being given by E. M. BE AT TUSTIN TO-NIGHT FOR SALE OF CHAUTAUQUA SEATS

Tonight at 7:30 o'clock, Col. S. H. Finley, chairman of the ticket selling committee for Chautauqua, will be at the Tustin Drug Store for the purpose of selling reserved seats to those at Tustin who wish them. Col. Finley has reserved a block of well situated seats for the sale at Tustin, and those who apply at the Tustin Drug Store tonight at 7:30 or soon after that

hour will be able to make very satisfactory reservations.

The Chautauqua starts on the afternoon of Thursday, April 26. The sale of seats has been excellent. Up to 1 o'clock today 436 adult tickets with reserved seats had been sold, and probably well over \$100 had been tak-en in for student tickets, making the receipts well over \$1400.

"September Morn," in the shape of a rollicking musical comedy, appeared at the Grand last night, a bit out of season, according to the carendar, but was given a warm welcome by an au-dience that enjoyed the best and biggest laugh of the season. The plot, as in most musical comedies, is infinitesimal. It deals with the marriage of the father of a grown-up daughter to the mother of a grown-up son. The son and the daughter are quite igno-rant of this marriage—papa doesn't know mamma has a son and mamma doesn't know papa has a daughter. You can see for yourself how perfectly clear it all is. Son and daughter also marry, and keep it dark, and Last night's favorite was William Moore, who, as Professor Plastric, furnished laughs in carload lots. The professor is a very small man with a distinctly Hebraic cast of countenance and a grin as contagious as mumps. A goodly share of his fun-making consisted in his ability to wear clothes that didn't fit, and the rest of it was making a noise that would have been singing if he had been given a different arrangement of vocal organs, but which was much funnier than any mere singing could possibly be. His rendition of "A Spare Rib from the Butcher Shop of Life" was one of the chief hits of the

Another joyful spot was Willie Bunkem, played by J. R. Argus, a Lou Tellegen type of man, remarkable for length, but with scarcely any visible breadtn or thickness.

Some extremely clever dancing was done by Ruth Wilkins, as Argentina, and by Valere True as Louise and Leslie Jones as feddy Van Dyke. Major Storm, an army officer, was a role that fit James Baber like his extremely becoming uniform, and the Mrs. Storm of Maude Williams was very pleasing to the eye and to the ear and her voice was particularly en

The chorus was sufficiently tuneful, and remarkably young and good look ing. Feeling, no doubt, that some pretense of suggesting a reason for naming the production "Sep-tember Morn" should be made, the use was darkened at the close of the final act, and in a spotlight surrounded by a picture frame, the audience had, for nearly two seconds, the pleasure of beholding a young woman posing as the famous original of the picture call-ed September Morn. Lest the censors worry, let us hasten to add that the same picture may be gazed upon weekly in the Munsingwear advertise-ment in the Saturday Evening Post only in the advertisement there is us ually less underwear and more girl, which is intended as a more delicate way of saying that the young woman's union suit doesn't fit.

April Allotment at Old Price After May 1st, All Cars New Price

Last Chance for You to Own a "World's Non-Stop Record Champion Car" at the Old Price

Constant rise in cost of steel and other raw materials is forcing up the price of the Maxwell Car. because the Maxwell Company has refused to cheapen by a single penny anything that goes into the making of the "world's non-stop record champion car."

The factory has agreed to let us have our April allotment cars (ordered in March) at the old price: hat is why we can give you for a few days more the biggest bargain in a real automobile ever offered n the history of the automobile industry.

We can give YOU from now until May 1st to own this world's champion car at the old price.

After May 1st Identically the Same Car-But at the New Advanced Price

Not a particle of difference in the car itself, -the same model and design in every detail,

—the same super-product of the best automobile experience, the finest engineering skill and craftsmanship, backed by one of the largest factories in the world,

-the same speedy five-passenger, roomy, comfortable, easy-riding, beautiful automobile, -the same famous record-making Maxwell motor,

-the same powerful motor that "laughs at hills," -the same Maxwell car that by its many records of 150,000 miles actual running (which equals 20 years' regular service) has earned for itself everywhere the proud title, "The World's Greatest Motor Car Value."

A Car of Endurance, Economy and Amazing Mileage Per Gallon of Gas

For 22,022 miles—for 44 days and nights—a Maxwell car without once stopping the motor. There is the world's non-stop record for endurance, as testified to by the American Automobile Association.

Monthly Expenses \$8.19

For 9,700 miles Mrs. Miriam Seeley, Professor at the Oregon Agricultural College, drove her Maxwell on a total expense account, including gas, oil and repairs, of 1½ cents per mile, making an average monthly running expense of \$8.19. There's a record expense performance—often lowered by hundreds of Maxwell owners every month.

When You Buy a Maxwell You Buy a Real Car

You don't have to figure up another two or three hundred dollars on "extras" when you buy a Maxwell car. You get what you pay for and what you are entitled to—a thoroughly up-to-date automobile, complete in every respect.

You know the whole story now—the story of the increased price next month and the story of your last chance to buy at \$635.

If you buy in May you'll get the same car exactly. BUT the price will be \$665.

TODAY the Maxwell is \$635.

The difference is the premium for your prompt action.

SHOULD THE COUNTY PRISONERS WORK,' TO BE SUBJECT MEETING

"Should the county prisoners work?

This will be a subject up for disussion at the next meeting of the Associated Chambers of Commerce of Orange county, and promises to be a live one.

The meeting will be held at Placen

tia Wednesday night of next week April 25.

Previous meetings at Placentia have been notable particularly for the fine provided by the Woman's club of that place, and a record attend ance is anticipated for next week.

POTATOES AND BREAD GOING STILL HIGHER

With three pounds and a half of potatoes ruling today as a quarter's worth, bread to advance on Monday next to six and twelve cents a loat, and all other foodstuffs almost dails going up a little, the necessity of con servation of foodstuffs is becoming more and more apparent. And the end of the movement of prices upward is not yet.

The bakers of the city and county have agreed to concerted action next Monday in increasing the price of the five-cent loaf to six cents and the tencent loaf to twelve cents.

FORMER HOME GUARD IS **NOT RECOGNIZED NOW**

Residents who joined the home guard formed here at the time of Company L's departure for the border, should bear in mind that while that organization has never been officia...y disbanded it is not considered as being in existence. The formation of a new guard to supplant that is now under way, and many are leaving their applications for membership with City Marshai Jernigan. About thirty have so far signed the application blank and listed their firearm equipment.

Those who have not yet done so, should notify the city marshal at once that they are ready and willing to be called into service should it be necessary to quell any local riot or dis-

GASOLINE FLAMES PUT HOUSE IN JEOPARDY

At noon today gasoline that had gathered in the pan of a gasoline stove caught afire, and for a time the home of Harvey Rios at 1201 East First street was threatened with destruction. Quick action, however, soon had the fire out, even before the firemen could reach the place.
